

Curriculum Vitae

Date Prepared: March 31, 2020

Name: Nicole A. Maestas

Office Address: 180 Longwood Avenue, Boston, MA 02115

Work Phone: (617) 432-3455

Work Email: maestas@hcp.med.harvard.edu

Education

1991	B.A.	English and Spanish	Wellesley College
1997	M.P.P.	Public Policy	Goldman School of Public Policy, University of California, Berkeley
2002	Ph.D.	Economics (Advisor: David Card)	University of California, Berkeley

Predoctoral Training Awards

1995-1996	Virginia McCrossin Fellowship	University of California, Berkeley	Berkeley, California
1997-2001	Pre-Doctoral Traineeship	National Institute on Aging	Berkeley, California
2001-2002	Phi Beta Kappa Graduate Fellowship	Alpha Chapter, University of California, Berkeley	Berkeley, California
2001-2002	Burch Center Dissertation Fellowship	Department of Economics, University of California, Berkeley	Berkeley, California

Faculty Academic Appointments

2002-2007	Associate Economist	Economics & Statistics	RAND
2002-	Affiliated Researcher	Michigan Retirement Research Center	University of Michigan
2003-2004	Visiting Associate Researcher	Institute of Business and Economic Research	University of California, Berkeley
2006-2015	Core Faculty	Economics	Pardee RAND Graduate School
2007-2011	Economist	Economics & Statistics	RAND
2011-2015	Senior Economist	Economics, Sociology & Statistics	RAND
2015-2019	Adjunct Senior Economist	Economics, Sociology & Statistics	RAND
2015-	Associate Professor	Department of Health Care Policy	Harvard Medical School
2015-2016	Faculty Research Fellow	Aging and Labor Studies	National Bureau of

2016-	Research Associate	Aging and Labor Studies	Economic Research National Bureau of Economic Research
2017	Lecturer	Economics	University of St. Gallen, Switzerland (non-voting)
2017-	Affiliated Faculty Member	Harvard Center for Population and Development Studies	Harvard University

Major Administrative Leadership Positions

Local

2009-2010	Associate Director, Health Economics, Finance and Organization	RAND Health
2009-2015	Director, Summer Institute Mini-Medical School Workshop	RAND Labor and Population
2010-2013	Acting Director, Bing Center for Health Economics	RAND
2010-2015	Director, Center for Disability Research	RAND Labor and Population
2010-2012	Manager, Economics and Statistics Research Group	RAND
2011-2015	Director, Post-Doctoral Training Program in the Study of Aging	RAND Labor and Population
2012-2014	Director, Economics, Sociology and Statistics Research Department	RAND

National

2016-2017	Associate Director, NBER Disability Research Center (1 of 2 national centers funded by Social Security Administration)	National Bureau of Economic Research (NBER)
2017-	Director, Postdoctoral Fellowship Program on the Economics of an Aging Workforce	National Bureau of Economic Research
2017-2018	Director, NBER Disability Research Center (1 of 2 national centers funded by Social Security Administration)	National Bureau of Economic Research (NBER)
2018-	Director, NBER Retirement and Disability Research Center (1 of 4 national centers funded by Social Security Administration)	National Bureau of Economic Research (NBER)

Committee Service

Local

2010-2014	Qualifying Exam Committee	Pardee RAND Graduate School Chair of Exam
2016-	Committee on Higher Degrees in Health Policy	Faculty of Arts and Sciences, Harvard University Member
2018	University-wide New Ladder Faculty Institute	Office of the Senior vice Provost for Faculty Development and Diversity, Harvard

		University, Panelist
2018	Dean's Innovation Grants in the Basic and Social Sciences	Harvard Medical School, Reviewer
National		
2014	Disability Policy Panel	Social Security Advisory Board, Member
2015-	Steering Committee, Mini-Medical for Social Scientists	RAND/National Institute on Aging, Member
2016	Technical Advisory Panel, Promoting Opportunity Demonstration	Social Security Administration, Member
2016-	Data Monitoring Committee—Health and Retirement Study	NIH/National Institute of Aging, Member
2016-2018	Committee on Health Care Utilization and Adults with Disabilities	National Academies of Sciences, Engineering and Medicine, Member
2019	Technical Expert Panel, Claimant Representative Demonstration	Social Security Administration, Member
2019-	Technical Review Committee—National Longitudinal Surveys Program	Bureau of Labor Statistics, Member
Professional Societies		
2001-	Population Association of America	Member
	2016	Session Organizer
2001-	American Economic Association	
	2017	Mentor, 8 th CeMENT Mentoring Workshop for Faculty in Doctoral Programs
2009-	American Society of Health Economists	
	2018, 2019	Program Area Chair, Health, Labor Markets and the Economy
2002-	Society of Labor Economists	
	2019	Program Committee
Grant Review Activities		
2008	United Kingdom Economic and Social Research Council Grant Proposal Review	Economic and Social Research Council, U.K. Ad hoc Reviewer
2010	NIA Social Science and Population Studies Study Section (ZRG1-PSE-H80)	NIH Ad hoc Reviewer
2011-	Working Longer Program	Alfred P. Sloan Foundation Periodic Reviewer
2012	NIA Datasets in Aging Review Panel (ZAG1 ZIJ-9, M2)	NIH Ad hoc Reviewer
2013	NIH Social Sciences and Population Studies Study Section (SSPS-B)	NIH Ad hoc Reviewer
2014-2018	NIA Behavior and Social Science of Aging Review Committee (NIA-S)	NIH Permanent Member
2018-	NIA Behavior and Social Science of	NIH

Editorial Activities**Ad hoc Reviewer**

American Economic Review, Quarterly Journal of Economics, Journal of the European Economic Association, Review of Economic Studies, Review of Economics and Statistics, New England Journal of Medicine, Science, American Economic Journal: Economic Policy, American Economic Journal: Applied Economics, Journal of Policy Analysis and Management, Journal of Human Resources, Journal of Labor Economics, Journal of Public Economics, Journal of Health Economics, Journal of Applied Econometrics, Industrial & Labor Relations Review, Economic Journal, Labour Economics, Journal of Economic Literature

Other Editorial Roles

2012-	Editorial Board Member	Industrial Relations
2013-	Editorial Board Member	Journal of Pension Economics and Finance
2014-	Editorial Board Member	Journal of Policy Analysis and Management
2018	Selection Committee, Vernon Prize	Journal of Policy Analysis and Management
2019-	Editorial Board Member	Journal of the Economics of Ageing

Honors and Prizes

1991	Phi Beta Kappa	Wellesley College
2010	Finalist, Research Award	National Institute for Health Care Management Foundation
2011	Best Paper Award	Annual Paris Conference on Money, Economy, and Management
2011	Bronze Medal Award	RAND Corporation
2012	Bronze Medal Award	RAND Corporation
2018	Finalist, TIAA Paul A. Samuelson Award	TIAA
2018	Elected Member	National Academy of Social Insurance

Report of Funded and Unfunded Projects**Funding Information:****Past**

2002-2003	Back to Work: Trends in Post-Retirement Employment Michigan Retirement Research Center/UM03-15 PI (\$50,000) The goal of this research is to analyze trends in labor market re-entry after retirement
2003-2006	The Economic Cost of Joint Retirement NIA/1 R03 AG023108 PI (\$154,776) The goal of this research is to explore the retirement ages of married and single women and simulate the costs of foregone earnings, pension accruals, and savings of married women who tend to retire at a younger age than their husbands.

- 2004-2009 Economic and Health Determinants of Retirement Behavior
NIA/1 P01 AG022481 (Kapteyn)
Co-Investigator
The major goals of this P01 are to analyze economic and health determinants of retirement behavior, such as wealth accumulation, disability application, and joint retirement.
- 2005-2008 Delayed Health Care Among the Near-Elderly
NIA/1 R03 AG025155
PI (\$122,199)
The goal of this research is to examine the measured increases in health care utilization at age 65 and whether this increase represents strategic delay in the timing of health care services.
- 2005-2009 Self-Employment at Older Ages
NIA/1 R01 AG025552 (Karoly)
Co-Investigator
The major goal of this project is to analyze transitions by older individuals to and from self-employment.
- 2005-2006 Rising Economic Risk and the Labor Supply of Older Workers
UM06-21/Michigan Retirement Research Center
PI (\$50,000)
The major goal of this project is to study whether returning to work is a viable option for retired individuals who experience consumption shocks.
- 2006-2009 Impact of Medicare on Utilization and Health Disparities
NIA/1 R01 AG026290 (Card)
Co-Investigator
The goal of this research is to analyze whether the Medicare program mitigates or exacerbates disparities in health care utilization, treatment intensity, and health outcomes.
- 2006-2007 A Model of Unretirement
UM07-03/Michigan Retirement Research Center
PI (\$75,000)
This project develops a theoretical model of retirement and re-entry decisions, and uses this framework to guide analyses of reduced form relationships.
- 2006-2007 A Cross-National Comparison of Self-Employment Dynamics at Older Ages
UM07-18/Michigan Retirement Research Center
PI (\$100,00) with Zissimopoulos
The major goal of the project is to compare the retirement patterns of self-employed older workers in the U.S. and U.K., focusing on institutional difference in retirement incentives.
- 2007-2009 Stated Preferences for Collective Household Labor Supply Models
NIA/Competing Supplement to 1 P01 AG022481-01 (Kapteyn)
Co-Investigator (\$455,878)
The purpose of this project is to expand the scope for identification in collective household models of retirement by collecting innovation survey data on stated preferences (SP) for different retirement scenarios.
- 2007-2010 The Effect of Peer Groups on the Employment Outcomes of Young Adults
NICHD/R03 HD054417
PI (\$187,744)
The goal of this research is to study how the race and gender composition of peers and superiors affects performance outcomes. We use personnel data from the U.S. Army, where individuals are randomly assigned to groups conditional upon a defined set of

	observable characteristics.
2007-2008	Labor Supply Effects of the Interaction between Social Security Disability and Retirement Benefits UM08-13/Michigan Retirement Research Center PI (\$75,000) The goal of this research is to examine how an abrupt relaxation in the implicit tax on work affects the labor force participation of individuals on DI.
2007-2008	Are Early Retirees Less Healthy? The Role of Health in Social Security Claiming Decisions UM08-21/Michigan Retirement Research Center PI (\$50,000) The goal of this research is to examine how the probability of claiming early retirement benefits at age 62 varies with different pre-retirement health trajectories, and to investigate spillover effects of the increase in the Social Security full retirement age on SSDI applications.
2009-2010	Research Design to Estimate Induced Entry into the SSDI Program Resulting from a Proposed Program Policy Change (Benefit Offset) SS00-09-31428/Social Security Administration PI (\$393,885) This task order contract develops a set of research design options for evaluating the effect of a change in the Social Security Disability Insurance program's implicit tax on earnings on program entry.
2009-2010	The Labor Supply Effects of Disability Insurance Work Disincentives: Evidence from Administrative Data UM10-01/Michigan Retirement Research Center PI (\$50,000) This project examines whether the SSDI work disincentives are binding using a quasi-experimental research design and SSA Administrative Data.
2009-2010	Consistency of the Disability Determination Process and Labor Supply Outcomes UM10-04/Michigan Retirement Research Center PI (\$100,000) with Mullen In this project, we examine variation in the SSDI award rate and subsequent labor supply outcomes of applicants.
2010-2011	What Are the Real Application Costs of SSDI? The Effect of Waiting Time on Labor Force Participation and Earnings UM11-01/Michigan Retirement Research Center Co-Investigator Using a unique administrative workload database, we evaluate how the substantial time spent out of the labor market during the application and appeals process affects subsequent employment opportunities and earnings of disability applicants.
2010-2011	Induced Entry into the SSDI Program: Using SGA Changes as a Natural Experiment UM11-Q1/Michigan Retirement Research Center Co-Investigator This project examines the effect of changes in the threshold for substantial gainful activity (SGA) on SSDI applications over time and across states.
2010-2013	Labor Market Shocks and the Timing of Social Security Benefit claims UM11-14/Michigan Retirement Research Center PI (\$100,000) with Card

- The project analyzes the effect of recent labor market shocks on the decision to claim Social Security retirement and disability benefits.
- 2011-2012 SSDI and Healthcare Reform: Evidence from Massachusetts
UM12-17/Michigan Retirement Research Center
PI (\$100,000)
This study examines the effect of the health care reform in Massachusetts in 2006 on applications for disability benefits.
- 2011-2012 Does Disability Insurance Save Lives?
UM12-18/Michigan Retirement Research Center
Co-Investigator
Using a unique administrative workload database, we evaluate the effect of Social Security Disability Insurance benefit receipt on mortality outcomes using exogenous variation in benefit receipt.
- 2011-2013 Pathways from Disability Onset to Retirement: The Roles of Employer Accommodation and Health Insurance
2011-3-17/Alfred P. Sloan Foundation
PI (\$609,511)
Using data from the Health and Retirement Study (HRS), this project examines how employer accommodation of work disabilities and provision of health insurance affect labor force participation of older disabled workers.
- 2012-2014 The Effect of Labor Demand on Work and Retirement Outcomes
2012-3-18/Alfred P. Sloan Foundation
PI (\$544,638)
This project examines the effect of labor demand on work and retirement outcomes using the Health and Retirement Study linked to local labor market data.
- 2013-2014 Effects of SSDI Application Processing Times and Receipt on Labor Supply and Earnings
NB14-10/Social Security Administration/NBER Disability Research Center
PI (\$100,974) with Autor/Mullen
This project will test whether long SSDI application processing times cause disability applicants to lose workforce-related human capital.
- 2014-2015 How Effective is Workplace Accommodation in Keeping Disabled Workers on the Job?
NB15-07/Social Security Administration/NBER Disability Research Center
Co-Investigator
This project will analyze new data about the need for and provision of workplace accommodation to workers experiencing health problems.
- 2014-2015 Working Conditions over the Life Course
UM15-03/Social Security Administration/Michigan Retirement Research Center
PI (\$119,800) with Mullen
This grant funds data collection on working conditions using the RAND American Life Panel.
- 2015-2016 Geographic Variation in SSDI Receipt: The Role of Claimants' Representatives
NB16-15/Social Security Administration/NBER Disability Research Center
PI (~\$90,000) with Hoynes
This project will analyze spatial patterns of legal representation in SSDI claims and the effect of representation on case outcomes.
- 2015-2017 The Effect of the Great Recession on the Flow of SSDI Claims to ALJ's
NB16-16/Social Security Administration/NBER Disability Research Center
PI (~\$120,000) with Mullen

	This project will estimate the effect of the Great Recession on the rate of appeal to the hearings level and subsequent case outcomes.
2011-2018	Universal Health Insurance and the Adequacy and Efficiency of Health Care NIA/2 R01 AG026290 (Card) Co-Investigator (\$1,200,000) This project will measure how the availability of nearly universal health insurance for those over 65 affects the use of primary care versus Emergency Department services; the quality of health care services provided outside the hospital, and the treatment intensity and health outcomes of people admitted to the hospital for acute myocardial infarction.
2018-2019	The Effects of Childhood Healthcare Utilization Patterns on Enrollment in the Social Security Disability Insurance and Supplemental Security Income Programs NB18-QXX/Social Security Administration/NBER Disability Research Center (Maestas) Project Leader with Layton (~\$55,000) In this project, we study the link between childhood health care behaviors and subsequent enrollment in the Supplemental Security Income and Social Security Disability Insurance programs using linked Medicaid-Medicare data.
2018-2019	Employer Incentives in Disability Insurance: Evidence from Social Security Administration Data NB18-Q10 Project Leader (~\$50,000) The purpose of this project is to examine variation across firms in disability claiming by former employees.
2017-2019	The Effects of Medicaid Policy on the Health Care Utilization and Health of SSI Beneficiaries NB18-13/Social Security Administration/NBER Disability Research Center (Maestas) Project Leader with Layton (~\$50,000) This project examines whether the shift to Medicaid Managed Care for SSI beneficiaries led to beneficial changes in utilization, health, and health care spending.
2014-2018	Sustainable Work Conditions and Employment of Older Workers 2013-10-21/Alfred P. Sloan Foundation PI (\$1,120,309) with von Wachter The overarching goal of this project is to advance knowledge about actual and desired job characteristics and how these characteristics affect the likelihood of employment at older ages.
2015-2019	Technological Change, Training and Employment of Older Workers 2015-13870 PI (\$441,606) The goal of this project is to advance knowledge on how technological change affects older works and on the role of training in modifying those effects.
Current	
2013-2020	Human Capital of Disabled Workers NIA/1 R01 AG046290-02 PI (\$4,488,887) This project will produce the best estimates to date of the latent work capacity of disabled workers overall, and of older workers specifically.

- 2016-2020 Geographic Variation in SSDI Receipt: The Role of Claimants' Representatives, Part II
NB17-18/Social Security Administration/NBER Disability Research Center
Project Leader with Hoynes (~\$90,000)
This project will analyze spatial patterns of legal representation in SSDI claims and the effect of representation on case outcomes.
- 2016-2020 Disability Insurance and Treatment for Pain
NB17-15/Social Security Administration/NBER Disability Research Center
Project Leader (~\$50,000)
This project aims to estimate the fraction of disability insurance recipients who initiated opioid therapy to treat chronic prior to applying for disability benefits.
- 2016-2021 Health and Human Capital over the Life Course
NIA/1 R01 R01AG056238-01
PI (\$440,001)
This project will investigate the health and work capacity of individuals with moderate and severe health problems, examining how work capacity varies with characteristics of the disability and in relation to economic conditions over time, using administrative and survey data.
- 2016-2021 Disability Among Older Low-Skilled Workers
NIA/1 R01 R01AG056239-01
PI (\$395,000)
This project will investigate the health and work abilities of low-skilled, older individuals with moderate health problems, by education and work history, and in relation to economic conditions over time, using administrative and survey data.
- 2017-2020 Preferences for Working Conditions and Employment at Older Ages
Alfred P. Sloan Foundation
PI (\$657,748)
The goal of this project is to understand how preferences for working conditions at older ages influence the length of working lives.
- 2017-2019 NBER Disability Research Center
DRC12000002 (Maestas)
PI (\$1,737,486)
The goal of the Center is to develop, conduct, and coordinate a coherent series of analyses that can inform disability policy evaluation and reform.
- 2018-2023 "Improving Health Outcomes for an Aging Population" (P01)/ "Opioid Treatment for Pain: Causes and Consequences" (Project 2)
NIA/1 P01AG005842 (Baicker/Maestas)
Project Leader, Project 2 (~\$360,000)
This project seeks to understand the causes of rising opioid treatment for pain and its effect on the health and functional outcomes of middle-aged and older Americans.
- 2018-2023 NBER Retirement and Disability Research Center (RDRC)
1-RDR18000003-01(Maestas)
PI (\$3,317,253 Year 1)
The Center aims to conduct research that will contribute to the scientific basis for evidence-based retirement and disability policy design. RDRC researchers come from universities in the U.S. and abroad, will conduct approximately 24 research projects per year. The center also provides training fellowships to predoctoral and postdoctoral scholars.

- 2018-2020 Causes and Consequences of Geographic Variation in Healthcare Spending for Individuals with Disabilities
NB19-24/Social Security Administration/NBER Retirement and Disability Research Center (Maestas)
Project Leader with Layton/Shepard (~\$50,000)
This project will investigate the sources of difference in Medicaid generosity across states and how these differences affect the health outcomes of people with disabilities.
- 2019-2020 Estimating Work-Related Functional Capacity among Older Americans
Harvard Medical School, Dean's Initiative Grants Program, Innovation Pilot Award in Healthy Aging (Maestas)
PI (\$200,000)
This project will collect new survey data from a nationally representative sample of Americans that measures their functional capacity to work across eight functional domains.

Training Grants and Mentored Trainee Grants

- 2010-2015 RAND Postdoctoral Training Program in the Study of Aging Years 18-22
NIA/T32 AG000244 (Maestas)
PI (\$641,869)
This training grant provides funding for the RAND Postdoctoral Training Program in the Study of Aging. The program trains two postdoctoral fellows per year, who participate for terms of either 1 or 2 years.
- 2013-2018 RAND Mini-Medical School for Social Scientists for Years 13-17
NIA/R13 AG018327 (13-17) (Maestas)
PI (\$375,000)
This conference grant provides funding for the Mini-Medical School for Social Scientists, a two-day summer workshop that is part of the RAND Summer Institute. The workshop consists of master lectures delivered by leading biomedical scientists to approximately 40 competitively selected, promising junior scholars in the field of aging.
- 2018-2021 National Bureau of Economic Research Post-Doctoral Fellowship Program on the Economics of an Aging Workforce
Sloan Foundation (Maestas)
Director/PI
This training grant provides one postdoctoral fellowship per year to junior faculty who are interested in the labor market consequences of an aging population, and the challenges and opportunities of longer working lives.

2020-2021	PWY 120 Essentials of the Profession	Co-Leader, Health Policy Harvard Medical School
2016, 2017	Econ 970 “Social Insurance: Connecting Theory to Data” and Econ 985 “Senior Thesis Research Seminar in Public Economics, Education, and Health”	Leader, Health Policy Harvard University: 1-hour meeting x 2 per year
2016-	Economics 2465: Health Economics	Harvard University, Department of Economics: 2-hr lecture x 1 per yr
2016-	Health Policy 2000B/SUP958/HPM246-01: Core Course in Health Policy Ph.D. Program	Harvard University, Interfaculty Initiative in Health Policy: 2-hr lecture x 1 per yr

Formally Supervised Trainees

2005-2006	Mathis Schroeder	Doctoral Candidate, Cornell University
	Dissertation Committee Member	
2007-2010	Xiaoyan Li	Doctoral Candidate, Pardee RAND Graduate School
	Dissertation Committee Chair	
2009-2010	Johanna Lahey, Ph.D.	Associate Professor, Bush School at Texas A&M University
	Provided mentoring in proposal writing while NIA Postdoctoral Scholar at RAND.	
2011-2012	Adam Gailey	Doctoral Candidate, Pardee RAND Graduate School
	Dissertation Committee Chair	
2011-2012	Christopher Marcum, Ph.D.	Staff Scientist, National Human Genome Research Institute
	Provided mentoring on range of topics, including publication strategies and career development while NIA Postdoctoral Scholar at RAND.	
2012-2013	Matthew Hill, Ph.D.	Dean’s Lecturer, University of California, Los Angeles
	Provided bi-weekly mentoring through project activities and focused career development while NIA Postdoctoral Scholar at RAND.	
2013-2014	Alma Vega, Ph.D.	Dean’s Distinguished Postdoctoral Fellow, University of Pennsylvania School of Nursing
	Provided bi-weekly mentoring on range of topics, including proposal writing, effective writing, and creation and execution of career development plan while NIA Postdoctoral Scholar at RAND.	
2013-2015	Jeffrey Wenger, Ph.D.	Senior Policy Researcher, RAND
	Provided weekly mentoring through research activities and focused career development	
2016-2018	Yulya Truskinovsky, Ph.D.	Sloan Fellow at the Center for Population and Development Studies at Harvard University (now at Wayne State University, Economics)
	Provided bi-weekly mentoring through research activities and focused career development while NIA Postdoctoral Scholar at RAND.	
2016-	Daniel Prinz	Doctoral Student in Harvard Health Policy Ph.D. Program
	Provide bi-weekly mentoring on research and fellowship projects	
2017-2018	Brian McGarry	Harvard Health Care Policy Postdoctoral Scholar
	Provide co-mentoring on research project and NIA Career Development application	

2017-2019	Wenjia Zhu	Seidman Fellow, Dept. of Health Care Policy, HMS Provide weekly mentoring on research and career development
2017-2018	Brian Asquith	Alfred P. Sloan Fellow, Economics of an Aging Workforce, National Bureau of Economic Research (now at Upjohn Institute) Provided monthly mentoring on research and career development
2017-2018	Gregory Vanderhorst	Senior Thesis in Economics, Harvard College Supervisor of Senior Thesis— <i>Awarded 2018 Hoopes Prize</i>
2018-2019	Andrew Garin	Alfred P. Sloan Fellow, Economics of an Aging Workforce, National Bureau of Economic Research Provide monthly mentoring on research and career development
2018-2019	Keith Meyers	Postdoctoral Fellow in Disability Research, National Bureau of Economic Research Provide monthly mentoring on research and career development
2019-	Helge Liebert	Postdoctoral Fellow, Dept. of Health Care Policy, Harvard Medical School Provide weekly mentoring on research and career development
2019-	Alexandra Mitukiewicz	Doctoral Student in Harvard Sociology Ph.D. Program Dissertation Committee Member
2019-	Molly Hawkins	Postdoctoral Fellow in Disability Research, National Bureau of Economic Research Provide monthly mentoring on research and career development
2019-	Michael Stepner	Postdoctoral Fellow in Disability Research, National Bureau of Economic Research Provide monthly mentoring on research and career development
2019-	Taha Choukhmane	Alfred P. Sloan Fellow, Economics of an Aging Workforce, National Bureau of Economic Research Provide monthly mentoring on research and career development
2019-2020	Cage Reeder	Senior Thesis in Economics, Harvard College Supervisor of Senior Thesis
